12V or 24V DC Bilge Pumps can be used instead of drainage pumps when there is no 240v power available. They can be operated from a boat, car or truck battery, solar or wind turbine. You can drain water from a stormwater pit, underground manhole or tank using a bilge pump as long as the head doesn't exceed what the pump performance chart shows.

About this item . Compact & Install Friendly: Mini 12V DC brushless water pump boasts a small footprint, ensuring an easy fit in tight spaces, perfect for seamless integration in medical instruments and other systems.
