

4W solar charging panel

What is the P3Solar 200W solar charging kit?

The P3Solar 200w Solar Charging Kit is a plug-n-play solution for solar charging 12v or 24v batteries. It includes a 200w rollable solar panel that is lightweight, flexible, and easy to store.

How much power does a solar panel provide?

Made of single crystalline silicon solar cells, the Solar Panel delivers up to 6.18 W of power. It will max out on sunny days to make sure the battery camera has enough power to operate all day and night. Weatherproof design. Featuring a durable frame and stainless steel screws, the solar panel easily withstands rain, dust, snow and sun.

How to install a solar panel on a security camera?

With an adjustable bracket that rotates 360 degrees and a 4-meter-long cable, the Solar Panel offers incredible flexibility. Mount your security camera where you need it, then find a sunny spot to install the solar panel. With 4 meters (13 feet) of cable, you will get the flexibility you need for great security and continual power.

Do ezviz batteries work with solar panels?

Please check for compatibility before purchasing. Connect your EZVIZ battery-powered camera to our Weatherproof Solar Panel to capture the sun's free, clean energy - and enjoy year-round security. Non-stop protection. Made of single crystalline silicon solar cells, the Solar Panel delivers up to 6.18 W of power.
