What is Batteries International magazine?

About Batteries International Magazine Distributed to over 90 countries worldwide, read by over 11,000 per quarter, Batteries International is the market leading magazine serving the battery and energy storage business.

The State of Charge (SOC) is a measurement that indicates how much charge is left in the battery. A BMS continuously monitors the SOC to ensure that the battery is neither overcharged nor discharged too much, which can cause irreversible damage. By carefully managing the SOC, the BMS helps maximize the battery's life and capacity. ...
