

Durable solar lights for home use

Which solar lights are best for your outdoor space?

Luckily, we tried and tested a wide range of solar lights to find the best one for every outdoor space and how well they cope with different weather conditions for longevity. If you're after string lights, Brightech's Ambience Pro LED Outdoor String Lights is our favorite pick.

What are the best solar lights?

We chose the AloftSun Solar Motion Sensor Outdoor Lights as the overall best solar lights for their durability, water resistance, and motion-sensing capabilities. If you're looking for a set of string lights, we loved the Brightech Ambience Pro Solar Powered Outdoor String Lights, because they held up to water and freezing temperatures.

What are the best solar landscape spotlights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. During testing, they withstood our durability tests, were easy to use, and were bright enough to read under! These spotlights can detect motion from as much as 33 feet away, depending on the setting.

Are outdoor solar lights easy to install?

In general, outdoor solar lights are designed with ease of installation in mind. They're ideal for consumers who want simple lighting solutions that don't require outdoor wiring. Lighting type and intended location will ultimately determine the installation process.

Are outdoor solar lights eco-friendly?

Once installed, outdoor solar lights are low maintenance. These lights often use long-lasting LED bulbs, and some may need a fresh battery only every few years to maintain performance. Like other solar-powered products, these self-sufficient lights are eco-friendly and won't add a single cent to your electric bill.

What are the best solar powered outdoor string lights?

If you're looking for a set of string lights, we loved the Brightech Ambience Pro Solar Powered Outdoor String Lights, because they held up to water and freezing temperatures. At our testing lab in Des Moines, Iowa, we put 27 outdoor solar lights to the test.

We also felt the cool white color of the light is a little cooler than some might prefer for home use. However, the lights are expected to last for 40,000 or more hours, providing a good value for the cost and features. ...
