

# Energy storage vehicle sales price in Arequipa Peru

What is the EV market share in Peru?

Peru (0.3% plug-in vehicle market share) Peru has presented significant growth YoY, but the overall EV market remains very low, with only 0.3% plug-in vehicle market share in 2023. That's from nearly equal numbers of BEVs (267 units) and PHEVs (289 units).

Does Peru have a BEV market?

Peru's total vehicle market (for light and heavy vehicles) consisted of 181,812 units in 2023, so the 556 units sold in 2023 stand, once again, at a merely symbolic level. Even worse, BEV market share in Peru sat at only 0.15% -- so, it isn't far from Argentina's abysmal position. We'll see how the market does in 2024. #10.

Is Ecuador a good place to buy EVs?

However, Ecuador's situation seems to be better: EVs are receiving significant government support, and a charging network is being built. Ecuador is one of the countries with the largest Chinese presence, and by late 2023, it got much closer to reaching 1% BEV market share (actually surpassing it in October). 2024 should bring interesting news.
