

Juba Portable Power Bank

What are the best portable power banks & power stations?

Power up your day with JB's top range of power banks and portable power stations! Choose from reliable brands like Belkin, Samsung, NRG Vault, and Anker, these power banks offer single and multi-port charging, compact design, and clear digital displays. Keeping your mobile device battery charged, no matter where you are.

Where can I buy a power bank in Australia?

JB is the place to go for leading brand wired chargers and power banks, as well as wireless chargers, Magsafe, and magnetic wireless power banks in Australia. Leading brands mean devices we can trust, with technology we can rely on. Choose online and instore from: Ready to keep your tech charged on the go?

What is a power bank portable charger?

JB has power bank portable chargers of many sizes, but they're all easily described in one word--mini. Power banks are lightweight and range in size from less than a credit card to a bit larger and thicker than a mobile phone. That means most of them fit comfortably in your pocket for total portability.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

How do power banks compare?

We also compare power banks based on their power-to-weight ratio, which tells us how much battery life you get for the extra weight you're forced to carry. We've got power banks for power users that give you detailed information about the devices you're charging, or simple magnetic power banks that smile while your iPhone charges.

What is a power bank & how does it work?

Power banks are lightweight and range in size from less than a credit card to a bit larger and thicker than a mobile phone. That means most of them fit comfortably in your pocket for total portability. Besides power stations and select models, most power banks are similar in size and style--basically a thick mobile phone.

A. Power bank charging times vary depending on the power bank's capacity - larger batteries take longer to charge - as well as the type of power adapter. Some power banks use USB cables for power, while others ...

As most smartphones these days have batteries ranging from 3,000 mAh to up to 5,000 mAh, choosing power backups with 10,000 mAh capacity, such as the I Kall 10,000 mAh Power Backup and the Mi 3i 10,000 mAh Power Backup makes sense. So, you can charge a phone several times before having to recharge your portable charger.
