

Kabul energy storage product exports will be restricted

How much oil does Afghanistan import per day?

Currently Afghanistan has refinery capacity of 32,500 barrels per day. However, the refineries produce very low quality oil and they are generally inefficient in their production. Therefore, Afghanistan crude oil imports all its oil as finished refined products

Does Afghanistan have a shambles like its economy?

War-torn Afghanistan is taking small steps to restore its power sector, which is in a shambles like its economy. Due to international isolation following the political crisis arising from the takeover of Kabul by the Taliban in August 2021, foreign aid and funding stopped completely, leading to a contraction in economic output.

What is the storage capacity in Afghanistan?

In terms of storage, both government and private sector have storage capacity of 415,752 MTs located throughout Afghanistan: This includes FLGE capacity of 238,023 MTs + MoD/MoI capacity of 23,888 MTs + private storage capacity of 153,841 MTs.

Does Afghanistan still have electricity?

In addition to the financial crisis, over 75% of Afghanistan's electricity is still supplied by the neighboring countries—Central Asia and Iran. The utility cannot pay the regional power suppliers due to the current sanction on the country's banking system.

What happened to Afghanistan's economic output in 2022?

The World Bank's latest update on Afghanistan, *Towards Economic Stabilization and Recovery* (April 2022), notes that cessation of grant inflows, loss of access to overseas central bank assets, and the breakdown of international banking relationships caused Afghanistan's economic output to decline by one-third during the last months of 2021.

What happened to Kabul's power supply in March 2022?

In March 2022, the power supply from Uzbekistan and Turkmenistan returned to normal after damaged transmission lines were fixed and technical issues were resolved following a snowstorm. This helped mitigate the electricity shortages in Kabul and downstream provinces to some extent.

Customs Tariff. Kindly refer to the following documents to ascertain the prevailing Customs Tariff : Fifth Schedule to the Customs Act, 1969 (Updated 2024-25)

the same manner on like domestic products. Import charges corresponding to specific services rendered are not considered as para-tariff measures; 7.
