

Kazakhstan Almaty is carrying out energy storage projects

What is Kazakhstan's government doing in Almaty?

Some of the force is guarding government facilities in the capital, Nur-Sultan, which "made it possible to release part of the forces of Kazakhstani law enforcement agencies and redeploy them to Almaty to participate in the counter-terrorist operation," according to a statement from Tokayev's office.

Why was the Kazakh capital moved to Almaty?

The Kazakh capital was moved to Almaty in 1997, a city in the southeast, not far from the border with China. The official reasons for the move included seismic instability, volatile borderlands, and limited room for expansion. However, it isn't hard to guess at other, more patriotic motivations for the shift.

How do you understand Almaty and the country of Kazakhstan?

To understand Almaty and the country of Kazakhstan, you need to know its history. At the turn of the 20th century, Kazakhs underwent a genocide created by the Soviet Union. Known as the Goloshchekin Genocide, or Kazakh Famine, 1.5 million Kazakhs died during this time.
