The larger footprint of these units allows for more versatility from a manufacturing specification standpoint -- we can easily equip your gen set with greater levels of sound attenuation, a larger storage area ...

Generator manufacturers generally recommend that a generator should be serviced after the first year of installation and on an annual basis there on after. We also suggest carrying out regular visual inspections to keep on top of any faults within your generator that may require maintenance sooner than anticipated.

Founded in Brest, France, SDMO, with its brand of generating sets, has joined the international KOHLER Group in 2005. United as KOHLER Power Systems, both brands together form the world's 3rd largest generating set manufacturer. In 2017, SDMO generating sets and KOHLER generating sets merged to form the KOHLER-SDMO brand.
