Where can I buy lithium ion batteries?

Order individual cells from a trusted bulk lithium-ion battery supplier. Worry Free. Custom Designed. Voltaplex Energy offers industry-leading energy storage solutions by supplying wholesale lithium-ion batteries and battery pack manufacturing.

What types of batteries do we manufacture?

Our team has extensive experience with lithium-ion, lithium polymer, nickel metal hydride, nickel cadmium, lithium primary, and alkaline battery packs and assemblies. On all projects, we work closely with customers from the first design concept through prototyping and testing to large-scale manufacturing from our facilities in the U.S. and China.

Who is Lithium Power?

Lithium Power, Inc. has been the industry leader in lithium battery technology for nearly two decades. We offer turn-key lithium battery pack solutions for OEMs/ODMs that meet each company's unique requirements of cost, performance, reliability, and safety.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.

What is lithium technology?

Lithium technology has rapidly grown in use over the last decade in consumer electronic products such as laptops, tablets, mobile phones, and vehicles. The technology is gaining popularity in the rechargeable product market due to its light weight, efficient capacity and reliability.

High-Quality Cylindrical Cell Battery Packs. With careful supply chain consideration, world-class facilities and lean manufacturing processes, we build quality into every stage of battery pack development. Our aim is to design and manufacture reliable and high-performance battery packs at competitive prices.

40 years of battery manufacturing experience. End-to-end solution for battery pack design, testing, validation and assembly. Technologically advanced battery packs developed for your application. Manufacturing excellence and quality built into every battery pack. Championing sustainable manufacturing, green design & recycling

Whether you require batteries for industrial, medical, autonomous robotics, commercial drones, e-mobility, off-road vehicles, renewable energy storage, or drop-in lead acid replacement, our state-of-the-art
