

Malta Heavy Industry Energy Storage Cabinet

Is Malta a long-duration energy storage company?

CAMBRIDGE, Mass., Feb. 24, 2021 /PRNewswire/-- Malta Inc., a pioneer in long-duration energy storage, today announced it has raised \$50M in a Series B round of funding. The financing was led by integrated energy group Proman with participation from new investor Dustin Moskovitz and existing investors Alfa Laval and Breakthrough Energy Ventures.

What is Malta's energy storage system?

Q: Malta's solution lies in thermo-electric energy storage. Why is this system so innovative, and what are its main keys? A: It combines well-established thermodynamic principles with modern technological advancements to create a cost-effective, scalable, and efficient energy storage solution.

How long does a Malta energy storage system last?

The Malta system is able to satisfy a daily or weekly load cycle by efficiently storing up to 200 hours of energy storage, though early systems will focus on current market applications in need of 10- to 12-hour durations.

Does Malta need a low-cost energy storage solution?

David Cassidy, Chief Executive of Proman, Malta's lead investor, says, "There is an exponential global need for long-duration, low-cost energy storage solutions, and we are excited to work with the Malta team and our new partners to progress Malta's highly scalable and technically robust solution.

How efficient is Malta's thermal storage system?

Malta's system also achieves a power-to-power charge/discharge round-trip efficiency (RTE) of up to 60%, which is about 50% higher than other thermal storage systems without heat pump charging.

What does Malta do?

Malta is a developer of grid-scale long-duration thermal energy storage solutions. Incubated at X, the Moonshot Factory (formerly Google [X]), Malta is based in Cambridge, Massachusetts. For more information visit

Xiaojian and Xuyong wind farms in Mengcheng County have completed wind power stations with a total installed capacity of 200MW. On August 27, 2020, HUANENG Mengcheng Wind Power 40MW/40MWh energy storage project passed the grid-connection

Whether you're organising your home, office, or any space in need of efficient storage, our cabinets combine both functionality and style to help maximize space and maintain order. Sideboard with 1 door, 4 drawers & 2 internal shelves
