

Pardon uninterruptible power supply quote

What is an uninterruptible power supply (UPS)? An uninterruptible power supply (UPS) offers guaranteed power protection for connected electronics. When power is interrupted, or fluctuates outside safe levels, a UPS will instantly provide clean battery backup power and surge protection for plugged-in, sensitive equipment.

The Eaton 93E UPS delivers superior power protection for ever-expanding loads in today's space constrained data centre's. Facilitating a lower total cost of ownership (TCO) through a combination of energy efficiency, high reliability and a compact footprint the 93E is an ideal solution for small to medium sized data Centre's and other applications desiring highly ...
