

Zv1 lithium battery pack

What battery does the Sony zv-1 use?

The Sony ZV-1 uses the NP-BX1 rechargeable battery pack and you will receive one in the box with the camera when you buy the Sony ZV-1. If you need a replacement battery or if you would like a spare you can check the links below for both the official Sony battery as well as a third-party replacement option.

How long does a Sony zv-1 battery last?

For still images, the battery life for the Sony ZV-1 is between 260 images and 410 images depending on the [Auto Monitor OFF] setting: For video recording, the battery life for the Sony ZV-1 is between 45-75 minutes depending on how you are shooting movies. For 'continuous shooting of movies' the battery life on the Sony ZV-1 is around 75 minutes.

What temperature should a Sony zv-1 battery be charged?

The recommended temperature range for charging is 10°C to 30°C (50°F to 86°F). If you know that the battery is not fully charged and you received the flashing error then a common fix is to remove the battery and USB cable from the camera and then re-insert them both. [Can I Use The Sony ZV-1 While The Battery Is Being Charged?](#)

Can you use a Sony zv-1 without a power source?

Yes, you can use the Sony ZV-1 even while it is plugged into a power source, but the battery won't actually charge. This is because the power coming through the USB cable will just be used to power the camera directly.

How long does it take to charge a Sony zv-1?

The charging time for a full charge on the Sony ZV-1 is approximately 150 minutes (2 hours 30 minutes) when using an AC adaptor with a rated output of 1.5A. The charging time for a full charge on the Sony ZV-1 is approximately 285 minutes (4 hours 45 minutes) when using a computer to charge the battery.

How long does the Sony np-bx1 battery last?

The battery life on the NP-BX1 battery is about 260-410 images or between 45-75 minutes of movie recording on the Sony ZV-1. (depends on how you use the camera.) You can use the Sony ZV-1 when plugged into a power source, but the battery won't charge up when doing this.
